Part A: Pupil premium strategy plan

Statement of intent

Our ambition is that we close the attainment gap and that our disadvantaged pupils perform broadly in line with their non-disadvantaged peers, both within school and nationally, by the time they leave Ormesby Primary School in Year 6. We want the children to be secondary ready, confident and resilient young people, ready to make a positive contribution to society. We will achieve this through:

High Quality Teaching – Great teaching will improve outcomes for all our pupils.

We will work to ensure our Pupil Premium children retain knowledge, are fluent in key skills and apply their learning successfully.

Targeted Academic Support- High quality teaching will be supported by additional work completed in small groups or 1-1.

Assessment will be used to support the targeting of interventions; this will be both ongoing and manageable.

Wider Strategies – School will address non-academic barriers to success.

Our curriculum and our work offering social and emotional support for our Pupil Premium children and their families will continue to evolve.
